Steven Kurtz, PhD, Professor Emeritus of Art at the State University of New York, is a founding member of the internationally acclaimed art and theater group Critical Art Ensemble (CAE). Founded in 1987 by Steven Kurtz and Steve Barnes, CAE is an award-winning collective of artists of various specializations dedicated to exploring the intersections between art, technology, political activism, and critical theory.

*For over three decades CAE has produced interventions and provocations that examine questions surrounding information and communication technologies, biotechnologies, and environmental struggle. The collective has performed and produced a wide variety of projects for an international audience at diverse venues ranging from the street, to the museum, to the internet, and has been invited to produce projects at The Whitney Museum and The New Museum in NYC; Documenta, Kassel; The Corcoran Museum, Washington D.C.; The ICA, London; Schirn Kunsthalle, Frankfurt; Musée d'Art Moderne de la Ville de Paris and many others.*

*Please join us for the second lecture in the Department of Art's 2023/24 Visiting Artist Series. For this academic year's programming we have invited guests whose creative work and research connect with a broadly defined theme of "listening."*
